Importance:	High

Here is the url for the Delta Shipyard Flexviewer with the Historical data.

http://westonitsolutions.net/DeltaShipYrd/

Username : (b) (5)
Password : (b) (5)

Upon the opening of the site the data layers will be listed on the left side in the Table of Contents. Expand Operational Layers and then Sample Locations. Here you can turn on the different Sample matrix locations. You can then click on the locations in the map where you will see another link to the analytical results. Click on the link to open the results. The results are not compared to any screening criteria.

Let me know as you have questions or comments.

Janine
